B.Tech. Computer Science and Engineering (Aug 2011 – May 2015)  
Aggregate Marks – 65%  
College Of Technology And Engineering  
Udaipur, Rajasthan

## MY BLOG

<http://rinkeshpurohit.github.io/>

Blog is focused on HTML, CSS, JS, jQuery and various demos

## STRENGTHS

- Time Management
- Quickly adaptive
- Fast Learner
- Optimistic

## PROJECTS

### **Video Web Application**

Application developed using HTML, CSS, jQuery. In this project I used Youtube Data API V3 to incorporate Youtube functionality and fetch search results and to retrieve user's playlist. For authentication I used OAuth 2.0.

### **To-Do List Web Application**

Application developed using HTML, CSS, jQuery. Local storage is used for saving the tasks. User can add task in the list, mark them completed, delete the existing tasks, user can sort the tasks as total tasks, completed tasks, pending tasks.

### **Responsive Templates**

I've created some responsive templates using media queries. Demos are available at my [blog](#).

### **Infinite Scroll**

I used openweather api to get Json data and used it to fill list entries, which is weather details of provided cities.
